**The MCR GM without abstention or objection approved all of the above as Guest Members. Questions were raised in a light hearted manner about whether or not most of the above could either row or bake.**

**Motion to Part Fund Blades Painting:**

**The motion was presented by Benjamin Evans. Last year the rowing MII and WI crews won blades in Torpids and Summer Vllls respectively. The JCR offered to contribute £100 to paint blades for the crews, it is being asked if the MCR could match that contribution. The blades would be displayed in the bar.**

**Ryan Daniels asked if Amalgamated Clubs had been contacted about part funding the painting costs. Amalgamated Clubs would not part fund this. The Treasurer was asked whether or not the budget could stand this. A positive answer was given. It was asked if the bar staff had been spoken to, to see if they were happy with the blades to go there. They had allegedly been contacted about this, and it should be fine to display them there. It had been intended that the Boat Club use the blades in Norham Gardens Common Room for painting. It was explained that painting the actual blades constitutes the cheaper part. Acquiring the blades is more costly.**

**When taken to a vote there were no abstentions and no objections. The motion passed unanimously.**

**Motion to Discontinue Subscription to the 'New Yorker':**

**It was explained by the Treasurer that the budget for newspaper subs is £150 per month, however due to price increases the MCR is now being quoted £180 for the same newspapers as before. In order to reduce expenditure, so that we may stay within budget, it has been proposed that we discontinue subscription to the New Yorker magazine.**

**Nidi Tapoulal asked whether the Committee had probed the suppliers on costs and looked around for other suppliers who could possibly deliver the paper for a cheaper price. Treasurer replied that the suppliers had claimed it was down to market trends.**

**An amendment to the motion was proposed so that a final decision be taken by the Committee in a regular meeting, following exploration of other supply routes. No objections were made to the amendment, and no abstentions were recorded. The amended motion passed unanimously.**

**GM concludes with thanks given to all those who attended.**
